Dates: July 2024 - October 2024

Portfolio

Skill Summary

Technical

- Feature Engineering
- Exploratory Data Analysis
- Hypothesis Testing
- Data Visualization

General

Inter-personal

Work History

Team Member, Sushi Sushi, Canberra, Aug – Oct 2020

- Delivered high-quality customer service in a fast-paced setting.
- Paid attention to detail in my interactions with customers, promoting a positive dining experience.

Morning cook, Roll'd, Canberra Dec 2019 – Jan 2020

- Initiated daily operations by opening the shop and preparing the kitchen, setting the stage for a productive day.
- Streamlined kitchen setup and food preparation processes to optimize efficiency during service.

Volunteering

General Volunteer, Canberra Multicultural Festival, Feb 2024

- Provided essential information to festival-goers, ensuring they could easily access events and amenities.
- Assisted with stage management duties, contributing to the smooth execution of performances and events.
- Remained agile and flexible, stepping in to support with emerging needs across the festival.

Mentor, Set4ANU, Australian National University, 2020

- Orchestrated engaging activities designed to ease new students into the university culture, promoting a sense of engagement and belonging.
- Leveraged my experience to provide support for administrative and academic processes.
- Provided informative tours of the university and surrounding city areas, empowering new students with confidence and familiarity with their new environment.
- Organised one-on-one meetings to ensure individual concerns were addressed, underscoring a commitment to student welfare and support.
